

## **Change**

It's time for change  
We need to rearrange  
Our way of thinking  
To keep from sinking  
Into an abyss of judgment  
Be ignited by encouragement  
Concentrate on positive beliefs  
Let's strive to relieve  
Some of the enormous stress  
Placed on those who are less  
Equipped to deal  
With ugly and real  
Decay and breakdown  
Of families ripped and torn  
Let's offer a helping hand  
Rise up take a stand  
Let's be the voice  
For those without a choice  
Let's stand firm and tall  
For those who had to fall  
Incredible things happen when you change the game  
Let's forge ahead, lend our voices, sign our names  
To begin the change and rearrange  
Reaching higher heights  
And brighter lights
